Terms and Conditions

The Feather River College Foundation strives to adhere to its mission of supporting student success at Feather River College by establishing and maintaining scholarship funds through a variety of avenues. These avenues can include funding of scholarships through Foundation Operating Funds, Endowed Named Scholarships, and “In and Out” named scholarships.

SCHOLARSHIP ESTABLISHMENT

1. Scholarships funded by the operating budget are established through recommendations of the Board of Directors or Executive Committee as a part of the budget development process.
2. The establishment of endowed or named scholarships is yet to be determined
3. Named scholarships are established by action of the Board of Directors or the Executive Committee at any time.

SELECTION PROCESS

The Foundation’s Scholarship Committee shall work alongside Feather River College Financial Aid representatives in gathering the applications for both operating budget scholarships and named and endowed scholarships. The committee shall consist of one FRC employee, one community member, and the Executive Director.

Each Foundation scholarship shall run through the Scholarship Committee. The Office of Financial Aid will collect the scholarship applications and will sort the applications out according to the scholarships for which the applicants applied.

The Committee will then orchestrate a series of meetings in which they will go over each application. When the recipients are chosen, Feather River College Foundation will work with The Office of Financial Aid to inform the student in writing of the award he/she will receive in the forthcoming year. The recipient announcements should occur no later than July 15th of each Fall award, and November 15th of each Spring award.

The awards will be obtained through an expenditure request put forth by Feather River College to the Feather River College Foundation’s Executive Director. The Executive Director will follow Expenditure Request procedure and request a check to be written to The Office of Financial Aid.

The Office of Financial Aid will then award the scholarships to the students individually no later than a week after the semester starts. The Office of Financial Aid will strongly encourage students to express appreciation to the scholarship donor in writing.

DONOR PARTICIPATION

If the donor would like to be involved in the committee they may, however, in accordance with IRS regulations, they cannot comprise more than one-third of the selection committee. They also should refrain from exerting undue influence or applying pressure on other members during the selection process, and they should understand that each member of the committee has an equal vote.

In cases of a tie, the decision will be brought to the full Foundation Board via an email vote.

SCHOLARSHIP AWARDS

The number of scholarships funded by the operating budget or named scholarships shall be determined by the Scholarship Committee prior to the advertisement of that scholarship. Scholarship applications that include Foundation scholarships shall be approved by the Scholarship Committee prior to any advertisement of the scholarship.

It is the duty of the Scholarship Committee to make sure there is sufficient funds in each scholarship account before announcing any recipient of a Foundation scholarship.
